

Nursery Newsletter – W/E 23.06.17

Dear Parents /Carers

Those pesky pirates were back again asking the children to help them find their shipmates and then build them a boat in the workshop that would float to sail home in. And guess what... we found a real treasure chest in our building shed outside full of pirate objects! This led to some lovely large scale boat building, digging for treasure in the outdoor sandpit and very imaginative role play!

Next week we are going to have some role play fun with the children in our indoor seaside area – the teachers feel in need of a paddle and an ice—cream on the beach!

### **Sunshine!**

The weather has been lovely this week and we are hoping it will last. Could we please remind you to send your child with sun cream already applied and a sunhat on warm days. We do not encourage children to bring in novelty sunglasses from home as they may get lost or broken outside but if you feel your child should wear these then please inform a member of staff.

### **Name Writing Booklets**

These have taken longer than we thought to prepare and will be sent home early next week once we have introduced them to the children. They will only be sent home with the children who will be leaving Nursery in July.

### **Our sharing Tree**

Thank you for all the amazing creations that have been sent. As always it looks lovely – don't forget to take a look!

Many Thanks

Gill Harrison (Nursery Teacher)

Dawn Naylor (Nursery Nurse)

Hannah Bennett (TA)
